CORI POLICY (CRIMINAL OFFENDER RECORDS INFORMATION)

Criminal Offender Records Information (CORI) check procedure has been implemented for students whose services entails the potential for unsupervised contact with persons from vulnerable population (i.e., children, the elderly, the disabled).

The Criminal History Systems Board has authorized MWCC to receive criminal record information regarding present or prospective employees working with the vulnerable populations, and for trainees/student who will need a CORI clearance to work in education work sites (i.e., day care centers, hospitals, and health care facilities, schools, etc.).

Beginning September 1, 2002 individuals requiring CORI checks will also have Sexual Offender Records Information) consistent with current Commonwealth of Massachusetts law M.G.L. C. §§ 178C-178P. Record storage and usage will be in compliance with (M.G.L. C. 275 § 4). Depending upon the results of a CORI or SORI

check, a person's eligibility to participate in the PTA program may be affected.

Compliance with licensure laws in the state of Massachusetts require all A.S. Physical Therapist Assistant Degree applicants to furnish satisfactory proof of "good moral character" (M.G.L. Chapter 112, Sections 23A and 23Q). Physical Therapist Assistant students will be required to complete a CORI (Criminal Offender Record Information) check. It must be understood that a conviction in a court of law may prevent them from being placed in a clinical agency. This then will not allow successful completion of the Physical Therapist Assistant program. In addition, it will delay and may prohibit their eligibility to take their respective state's PTA Licensure Examination

Please note: Drug testing may be required by clinical agencies for all students.
