Criminal Justice
Corrections Concentration

Law Enforcement Concentration

The Criminal Justice program provides students with the academic and hands-on preparation for entrance into a criminal justice career, transfer to a four-year college or university, and lifelong learning. The broad-based and comprehensive curriculum is supported by community partnerships and is guided by workforce demands in the field.

Law Enforcement Certificate

Developed in cooperation with the Massachusetts Chiefs of Police Association, the Law Enforcement certificate program prepares students for a career in law enforcement. This certificate combines specialized criminal justice and general education coursework to provide students with the knowledge and skills needed for entry-level law enforcement positions.

Emergency Medical Technician
Non-degree Program

Through a combination of lecture, discussion, demonstration, and practical application, students are provided with the knowledge and skills necessary to care for individuals who have life-threatening emergencies and injuries.

Fire Science Technology
Degree

Our curriculum is a national model (FESHE) for an integrated competency-based system of fire and emergency services professional development. Course topics include areas of fire behavior, tactics and strategy, building construction, protection systems, investigation, water supply, firefighter safety, as well as administrative and legal aspects. The Fire Science Technology degree is an online program that prepares students to work as firefighters.

History & Political Science
Degree

This program is for those who want a strong background in history and political science and plan to transfer to a four-year college or university to pursue a degree in history, political science, or government. With a bachelor’s degree, you may pursue careers in government or politics, teaching of history/political science, or go on to earn a master’s degree in public policy, management, or a juris doctor degree to practice law.

Human Services
Degree

The Human Services program is for those who wish to help people in need. Prepare for a variety of positions in social services or transfer to a four-year college or university to major in human services, psychology, social work, sociology, or other related majors.

Human Services Technician
Certificate

This program is for those who wish to build a rewarding career helping others who are experiencing personal and socialisation problems. The Human Services Technician certificate prepares students for immediate employment in entry-level human services positions.

Legal Studies
Degree and Certificate

Gain skills to work in a legal setting as a paralegal, law clerk, document clerk, or legal assistant in the private or public sector. Gain real-world experience: draft legal documents, interview clients, work with files, and experience legal situations and issues you will encounter in a law office setting.

They’re here to help you succeed

“At the Mount, I got the foundation I needed to start my path toward a career in Criminal Justice.” – Isaac Matson
